

# ULTIMATE WINTER PREPARATION GUIDE

## INSPECTION CHECKLIST:

- Inspect tread depth** – minimum 4/32" on steer tires, 2/32" on all others
- Check tire pressure daily** – cold temps reduce PSI
- Inspect wheel ends** for corrosion and proper torque on lug nuts
- Drain air tanks** to remove water and prevent freezing
- Check air dryer operation** and replace cartridges if due
- Inspect brake lines** for cracks, chafing or moisture
- Inspect air lines** for leaks or brittleness
- Apply cold weather grease** on fifth wheel, landing gear and hinges
- Lubricate locks, hinges and latches** to prevent freezing
- Apply anti-gel additive** to diesel
- Wash down undercarriage** thoroughly each week to remove road salt

### TIP #1

Maintaining temperature controls on refrigerated or heated units will prevent freezing cargo and damage to perishable goods.

## EQUIPMENT LIST

Suggested equipment to have in truck:

- Shovel & sand/salt
- Jumper cables or booster pack
- Road flares or reflective triangles
- Winter gloves
- Insulated coveralls
- Flashlight

### TIP #2

Check condition of fire extinguisher and first aid kits.

## PREPARATION BEGINS WITH PARTS

### PART #

PART #	DESCRIPTION
PC0220	Hose End Repair Kit
PNR5632	Anti-Freeze
1010053	Starting Fluid
PWS08026-12	Fuel Supplement Diesel 9-1-1
441126	Service Gladhand Screw On
441127	Emergency Gladhand Screw On
11440	Service Gladhand Bolt On
11441	Emergency Gladhand Bolt On
10028	Gladhand Seal
PROAL14X100-BLK-FT	Plastic Hose 1/4"
1014307-FT	Rubber Hose 3/8"
PC0230	Plastic Hose 3/8"
PROBH12-250	Rubber Hose 1/2"
PROAL12X100-BLK-FT	Plastic Hose 1/2"
IMXGT-2430CD	1/4" Mudflap 24X30
MF24X30BGT	Plastic Flap 24X30
TRU40282R	Taillight
TRU44032R	Taillight
TRU33050R	Marker Lamp RED .75" LED w/ Grommet
TRU33050Y	Marker Lamp YEL .75" LED w/ Grommet
TRU15011	License Plate Light with Housing
TRU19200R	Marker Lamp 1.25"X3.91", INCANDESCENT
TRU19200Y	Marker Lamp 1.25"X3.91", INCANDESCENT
94993	Pigtail
94924	Pigtail

### AIR TANKS

HOS1242
HOS1249
HOS1231

### CORROSION PREVENTION

SS-50015075	Sprayon Penetrating Oil, Aerosol Can, 10 Oz
SS-500892	Fluid Film Rust and Corrosion Protection
PNT1-2	Spray Paint Rust and Converter Primer

### TIP #3

Keep freight dry by having patch repair supplies on hand: tar tape, patches of aluminum roof, caulking and seal gap.
